# 10th Anniversary

In the 1969-70 school year, Napa High had 3400 students in a school meant for 1000. So in early 1970 it was decided to remodel Napa High and build another high school. During the summer of 1970, construction was started on the new school, and completed in time for the 1971-72 school year. Then came the problem of naming the school. The school was to be originally called the Napa Valley High School but the students of the new school wanted a different name. They held a contest for the best name. The winning name was Vintage High School with Crushers for mascots. And so began Vintage's first year in the fall of 1971.

The first four years Vintage was a North Bay League School, but in 1975 it became a member of the Monticello Empire League. In Vintage's six years in the MEL we have won 49 pennants including 5 tennis, 4 football, 4 golf, and 2 volleyball championships, all in a row. In 2 of the 6 years Vintage has won MEL school of the year. Academically Vintage ranks at the top of the state.

The 1982 Harvest Week included the Sophomores turning Western, the Juniors going Hollywood, and the Seniors being recruited into the Military. Tuesday, September 30, was Sophomore Day. Everyone dressed up as cowboys and had a foot stompin' good time. Wednesday, September 31, was the Juniors turn and they went Hollywood. Around campus you could see anything from Disney characters to Punk Rockers. Thursday, October 1, was the Senior's day and all you could see around you was military uniforms, green, and camouflage. Suddenly it seemed as though the whole Senior class had been drafted.

On Saturday, October 3, at 4:00, the Homecoming Parade began with each class contributing a float pertaining to their theme. The parade began at the fairgrounds and ended at the Memorial Stadium where the Vintage Crushers played the Alhambra Bulldogs.

The Sophomore's theme this year was Cowboys. Everyone was to come dressed in their western jeans, boots, and cowboy hats. The J.V. Pom Pon squad performed a knee slappin' routine to start off the noontime activities. Then a rootbeer chug-a-lug and a hay bucking contest finished the rally off. The Sophomores gave it a good try but Waylon and Willie wouldn't have been too happy with them. Oh well, there is always next year!

# Hollywood Or Bust

The Juniors were headed for Hollywood on September 31. Since this was such a broad subject there was a lot of costumes seen, from Alice in Wonderland to Elvis Costello. The quad was decorated with brightly painted posters, lots of crepe paper and aluminum stars. Balloons proclaiming "J.R.'s" are superstars filled the air. The noontime activities held a lot of excitement. A group of playboy bunnies performed a chorus line routine to kick off the rally then a beach ball hot potato, sundae eating contest, and a tricycle race against the clock topped it off. The Juniors spirit was high, decorations bright, and activities exciting all throughout their star-studded day.

# Air Force . . . Seniors!!

Atten-Shun! On Thursday October 1, all the Vintage High Seniors were drafted to the military (And that's a fact Jack!) Starting off a 1900 hours with an all night army party, the Seniors invaded the campus the next morning in camouflage. A larger group than usual of Sophomores and Juniors joined in on the fun. Teachers were heard remarking that the Senior day had the most participation that they had seen since Vintage opened.

With life-size posters and stickers everywhere proclaiming "There's something about a soldier." The decorating began at 0730 hours with many Seniors stumbling around from the night before. At 1230 hours the rally began with an obstacle course, eat the mess hall mush, and target practice. The activities concluded Thursday with John Maher's platoon singing and raising the Senior spirit so that they were still rowdy enough to march in Saturday's parade singing songs from "Stripes." All in all it was a fun day.

With so many people getting rowdy, the Seniors proved that they are "In Command!"

# The Great Event

▼ 4

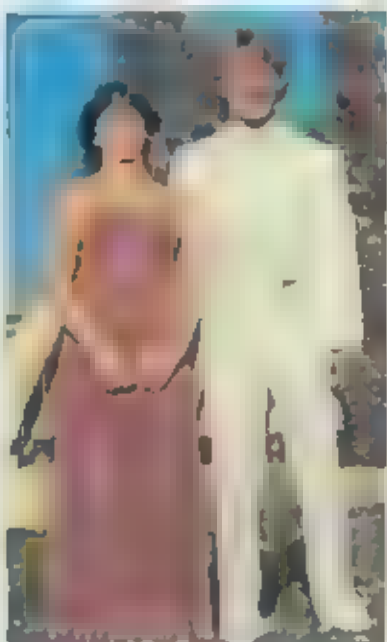

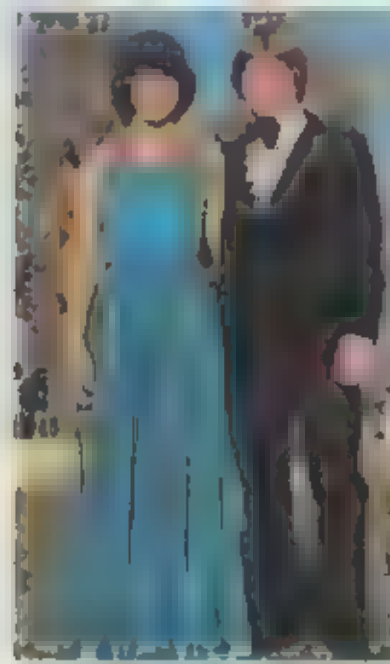

The event started at the Napa Fair grounds around 4:00 o'clock and ended at 11:00 p.m. The day was beautiful and the homecoming parade included a couple of floats. The first float was the cheerleaders, and the second float was the homecoming court. After the parade, the students went to Rainbow High and were served an excellent steak dinner. The homecoming court was also present, and the students enjoyed the games. Even though the games were over, the spirit was high. During the game at the senior game, the homecoming court was crowned Homecoming Queen. And at the game, the crowned king was Kevin O'Donne.

Key (1994) and Madsen (1995) use the Madsen-Nelson (1992) Markov-switching test to compare the relative merits of Keynes's Barro (1986) model and the Barro-Hendry (1983) model. The former is based on the following equation:

The Homecoming Extravaganza began with a parade through town. After parking their cars in the football stadium, the candidates took a short stroll to Rainbow Bridge for a steak dinner.

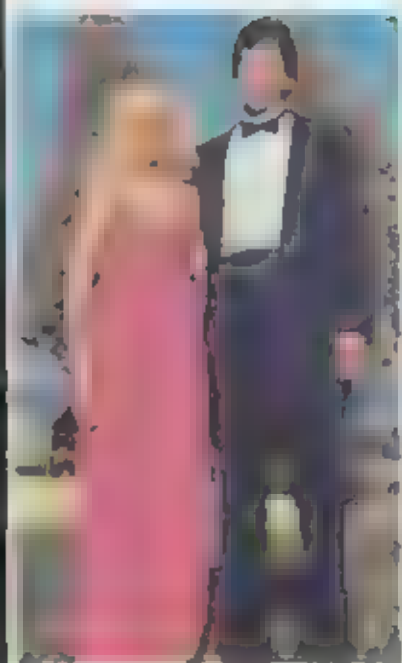

At half-time stomachs began to turn as they started to line up for the crowning of the 1982 Homecoming Queen. Each queen candidate received a single

yellow rose for good luck. Scott McCarron, the Master of Ceremonies, paced up and down in front of the candidates before placing the winning kiss on Kim Wieldraayer. Sheryl Collins, the 1981 Homecoming Queen, then gave up her crown and a half of a dozen red roses to Kim Wieldraayer.

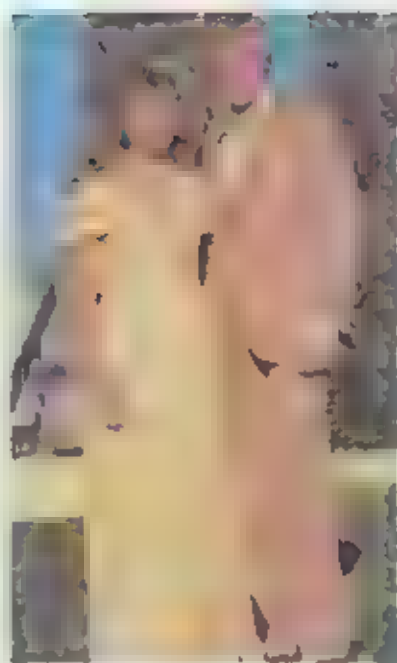

The King was crowned at the annual

Homecoming dance. When the clock struck twelve, the King candidates lined up on the platform. Frank Silva, the 1981 Homecoming King, placed the crown on the new 1982 Homecoming King, Kevin O'Donnell. Soon after the crowning, Kevin O'Donnell and Kim Wieldraayer danced a spotlight dance to "Endless Love."

# Big Game Rally

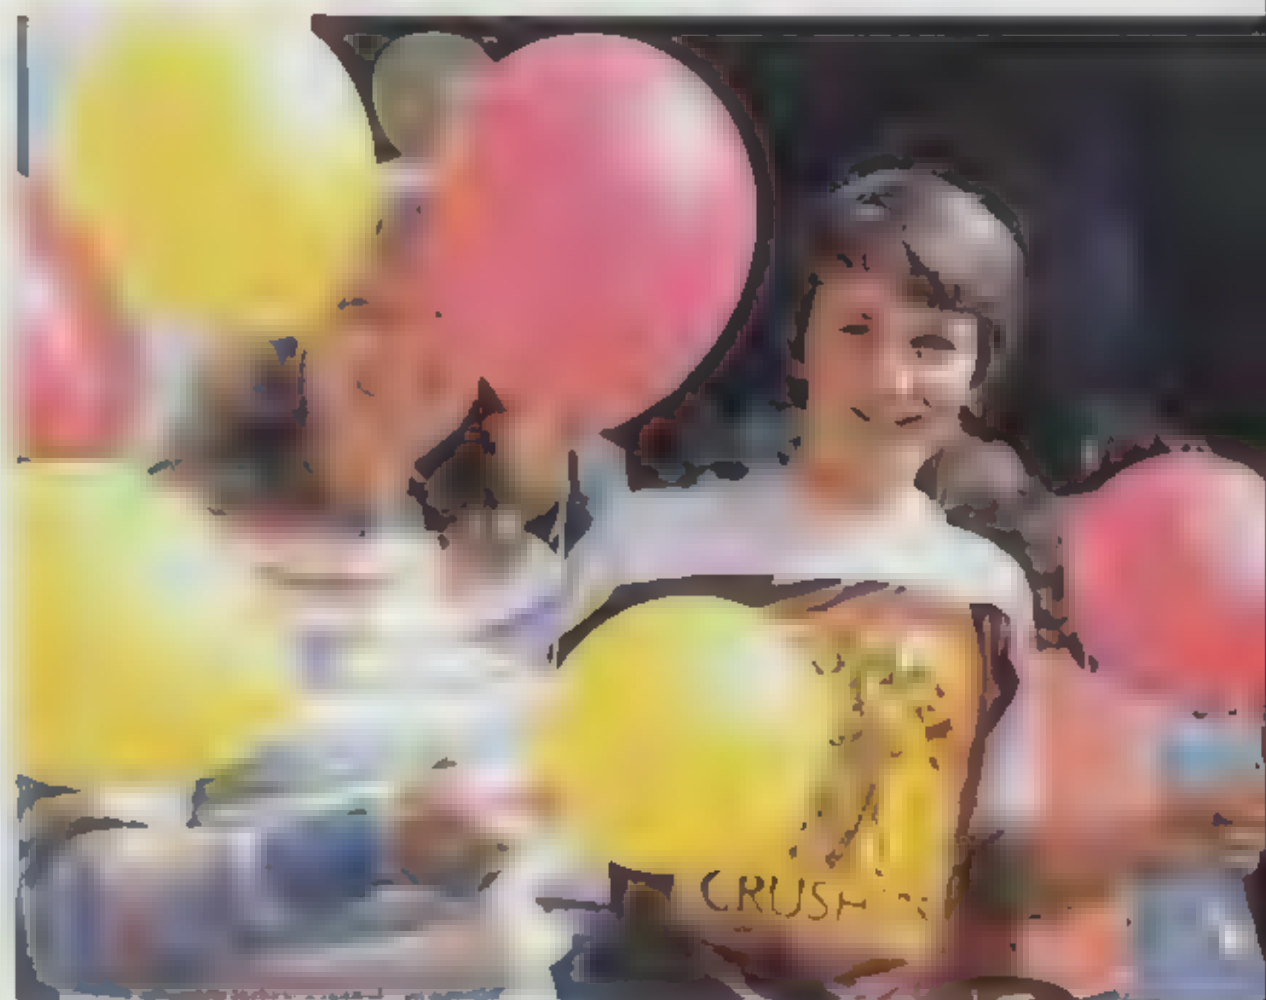

Big Game Rally, "BGR", termed by many, was another hit this year with students, parents, and teachers alike. This Variety show featured many skits about and against the Napa High School Team.

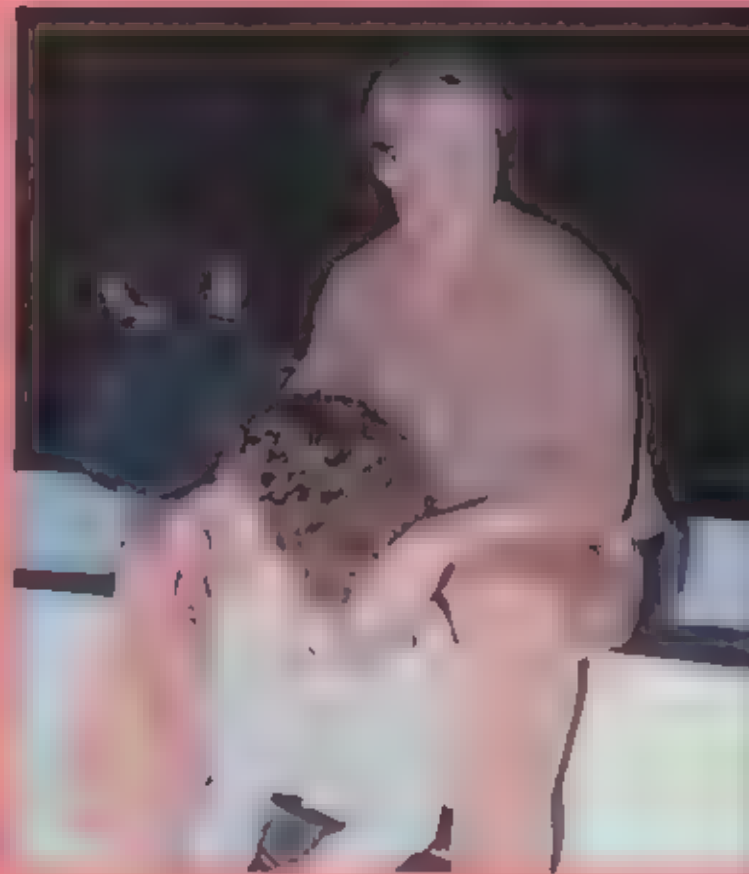

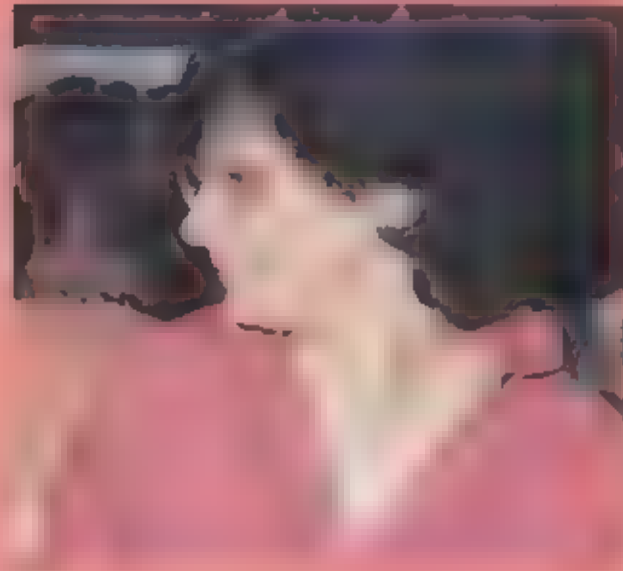

Two dress rehearsals and a preview the night before, prepared the cast for the following performances.

Vocal Music Workshop, The Cheer leaders, and Miss Buller and "friends" were just a few of the great acts who participated in the Rally.

## Vintage 1870

With the smells of freshly baked cookies and hot mulled wine, the Village Crushers had an old fashioned good time. Every year Vintage starts the Holidays with a festive celebration at Vintage 1870 in Yountville. The PFSD (Parent Faculty Student Organization) sponsors the event. 10% of all purchases from Vintage 1870 went to the school. Entertainment was provided by the Vocal Music Workshop, the Grubbs, and the mimes, while Santa and his elves spread good cheer. Various school clubs sold balloons and cookbooks to raise money also. The festival turned out to be a success. The students who were already in the spirit singing Christmas carols all the way out the door.

# The Jolly Orange Company Presents . . .

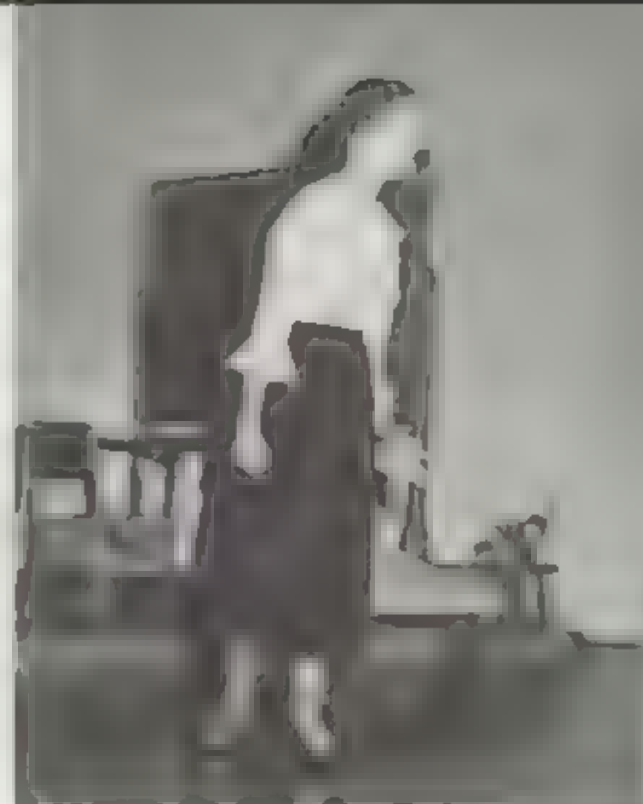

Have you seen a group of students walking around campus wearing orange overalls and wondered who they were? WEIE!ell they are the Jolly Orange Company, a drama group which puts on plays for elementary schools. They are coached by Mr. Payne, who started this group a few years back to educate and to make younger children use their imagination. The group uses little props to encourage the children to be creative and give them a sense of involvement in the acting.

## Fall Play

For the annual Fall play, the Drama Department of Vintage High School presented "The Prime Of Miss Jean Brodie." Miss Brodie was portrayed by Edie Winograde, and other cast members included Charles Raymond, as Teddy Lloyd; Shellie Wise, as Sandy John Maher, as Mr. Lowther; Annie Reynolds, as Miss Mackay; Lisa Brown, Bonnie Adams, and Tiffany Pitman, as Monica, Mary, and Jenny; Andrei Hugh and Toby Halliday, as Sister Helen and Mr. Perry.

After two months of rehearsal, the play was performed on Dec. 4 and 5 in the Little Theatre. The director of this play, as of all former plays, was Mr. Bruce Payne.

Put together a bunch of talented young students, a great stage crew and sets, and an orchestra that won't quit—what do you get? A show that is highly acclaimed by not only the show goers but also the critics. The costumes were mostly handmade by mothers so more money was left for the sets. This greatly praised version of "Bye Bye, Birdie" ran February 26, 27 and March 3 thru 6. The main characters were Dave Braeger, Albert Peterson; Chris Williams, Rosie Alvarez; John Maher, Conrad Birdie; Lisa Adams, Kim McAfee; Jeremy Bowman, Hugo Peabody; Andrea Hugh, Mae Peterson; Dave Ruane and Debbie Moore as Mr and Mrs. McAfee. The orchestra was a well trained group led by Mr. John Sadler. The choreography was by Mrs Shirley Ray. Practices were long and tiring but well worth it! The show was a truly fine production and all participants deserve a standing ovation

# Vocal Music Workshop “On Stage”

Vocal Music Workshop is a group of Vin-  
 High students who travel around the  
 Valley singing at schools and social  
 gatherings. It consists of sixteen very talent-  
 ed men and women and six sound and in-  
 strumental people. Their director, Miss  
 Buller, has done an outstanding job with  
 putting on a total of about twenty shows this  
 year. Some of the bigger shows were Vin-  
 tage 1870 Night, their Christmas and  
 Spring shows, and the Big Game Rally.  
 They meet every day during sixth period to  
 rehearse.

The Music Department went through a change this year. After former Director Miss Cathleen Long's departure there were some who were skeptical about the new choir teacher because of her age. But soon no doubts remained. Fresh out of college, Miss Buller stepped in as though she had been teaching for years. Besides taking on the giant task of directing a Musical her first year here, the young director kept her classes working full speed ahead.

Concert Choir, a select blend of mixed voices, Treble Choir, composed of young women, and Chamber Singers, a small group of young men and women, practiced for many hours to perform for the Winter and Spring Concerts.

Vintage can be very proud of its new choir director and fine music department.

Bring home trophies, the band went to festivals, parades, community events, sporting events, and California amusement parks, performing as representatives of our school

## Journalism

"Write, write, write, your stories, get them in on time" was the most important commitment this group of young journalists and made to themselves, each other and the public. The Vintage journalism class searched the campus for newsworthy events to be reported in the school page, the Tri-Hi Gazette, and the Harvester, the school newspaper. The Editor for the spring was Ken Graham, and Matt Miller for fall

The school accomplished many things and the yearbook staff did their best to get it all into the yearbook.

The staff spent many hours alphabetizing the class pictures, working on the layouts, taking pictures, writing copy, writing captions, arranging the pictures onto the layouts, and deciding which picture of who to use, to get this yearbook to you, the students.

I was very fortunate to be a part of the Student Leadership class. It was a great experience that helped me grow as a person and a leader. I learned a lot about myself and my abilities. I was able to work with a group of people who were also interested in leadership. We had many fun activities and projects. I was able to use my skills and talents in a real-world setting. I was able to learn from my mistakes and grow from them. I was able to become a part of a team that was working towards a common goal. I was able to learn a lot about myself and my abilities. The Career Center helps students to decide upon the career that would best suit themselves. It is run by Mr. Otho Rosado who helps the students with different types of reading material and discusses the opportunities and limitations of each job. The Career Center is one of the largest in Northern California. It also gives information on the armed forces and different colleges. With the Career Center a big decision for a career or college is a lot easier to make

# World Events

This past year will be one of the most unforgettable in the history of the world. Violence reigned supreme all over the universe—fighting in Bolivia and Angola; riots in England; IRA members burning everything in sight and hosting hunger-strikes in N. Ireland; labor strikes in Poland, and three assassination attempts (two of which failed, leaving the victims with only gun wounds). The three victims were President Ronald Reagan, Pope John Paul II, and Egypt's Prime Minister Anwar Sadat, who died just  $\frac{1}{2}$  an hour after the shooting in Cairo.

On the lighter side, there was the Wedding of Britain's Prince Charles to Lady Diana "Shy Di" Spencer. Long before the now Prince and Princess of Wales exchanged vows, the world knew that Charles and Diana really were a Prince and Princess of the fairytale turned-reality.

There were also photographs that the Voyager II sent down (via satellite) to the world, of our Universe. The space shuttle had a safe journey into space also. Indeed, space technology seems to have entered our medical world—cancer can now be detected in lab animals with the help of laser beams, much as a broken bone can be seen in an x-ray.

In the forthcoming years, may we have more happiness than horror. We can but hope.

## The Language Clubs!

The French Club, under the supervision of Madame Boyet, had many fundraisers this year to pay for field-trips. Not only did they have bake sales, but they sold gummy bears, Toblerones, and zot pops. One Field trip included a visit to the Place of the Legion of Honor, an international

bookstore, and a French restaurant. At the Legion of Honor, the students saw the Phillips Collection of paintings, which included some from very famous French artists.

The Sign Club was a group of students who were interested in using their hands to talk. Under the direc-

tion of Katy Kelton, the Sign Club learned new "languages."

The Russian Club included a group of interested students who enjoyed learning about the Russian culture and tasting Russian food. The club was advised by Mr. Henderson, the Russian teacher.

# Smile . . . God Loves You!!

This year there were a lot of clubs on campus for christians to get involved with. Every Tuesday at lunchtime the Girls Fellowship Club met with Advisor Kathy Susan to discuss different topics and everyday problems girls face. At Christmas time the girls made cookies and gifts and took them to convalescent homes. It was a very worthwhile lunchtime and it made the rest of your week go by easier.

Every other Monday evening at Mr Curtis's house, the Fellowship of Christian Athletes met and discussed various problems athletes and other people face. They shared with each other and provided encouragement for each other with different bible verses. The Girls Fellowship Club and the Fellowship of Christian athletes were worthwhile groups who helped each other and provided Christian Fellowship and encouragement

The American Field Service Club is a club at Vintage designed to help the exchange students at Vintage get to know other kids on campus and share with each other about different cultures. The AFS is designed for students from all over the world to go abroad to another part of the country and live with another family for a summer, or for a whole year. It allows students to experience foreign culture and living with another family other than their own. This year Vintage has had five exchange students from all over such as Australia, Columbia, West Germany and Belgium. They really enjoy Vintage and appreciate the AFS Club. The club isn't just for exchange students. Any interested students can join. The club does a lot of things to help the exchange students feel more welcome such as going to San Francisco, having a pizza night, and raising money with a languageathon (students spoke a foreign language for six hours). It really is a fun club and they are looking for more members next year. So if you are a sophomore or a junior this year, join the AFS Club. You will learn a lot about different countries and have fun in the meantime!

# FFA

Future Farmers of America (FFA) teaches the students many important things about farming. Many of the students have different kinds of projects like steers, sheep, plants, and even electronics. The students in FFA all have a great time. They learn new things every day!

In order to participate in FFA you have to be enrolled in an agricultural class. The FFA has 10 times more students involved this year than in the history of the Napa County chapter of FFA.

# Sacchromyces

Sacchromyces—a small club most probably haven't heard of. But it's been on campus for a long time. The first annual field trip (to the Mojave Desert) was taken by Al Lilleberg, the teacher-advisor of the club, 15 years ago. Since then, small groups of students and some Vintage graduates who were members of "sac" have gone on a wide variety of trips and participated in many different activities with "Al". Every school month, a weekend trip is taken to Mr. Lilleberg's cabin near the Trinity Alps of Northern California. There, students have a chance to observe, study and just "be in" the natural environment. There is time for art projects, discussions, reading, swimming, sweat lodges, and other various activities. There are also what Al calls, "burdens", which range from chopping and hauling wood to art assignments, or even long periods of silence. No two trips are ever the same.

# Card Club

Card Club is one of the many exciting clubs Vintage has to offer. Mr. Lilleberg, the advisor welcomes everyone to come and learn all they can about different card games. Every Thursday at lunch in S-4, students come and have fun playing cards. It only takes about three weeks to learn to play card games, but someone always has something up their sleeve! In the history of Vintage's Card Club there has never been a girl to attend a meeting. Mr. Lilleberg would like everyone that enjoys the game of cards to become involved in the Card Club and have a great time playing around

To be a cheerleader, one must devote much time and effort. Every movement, whether it is a simple flick of the wrist, or a complicated dance routine choreographed to music, is done over and over again. ## Twirl For Many!

The Majorettes and Flag Girls entertained many at the Vintage football half-time activities with the Marching Band

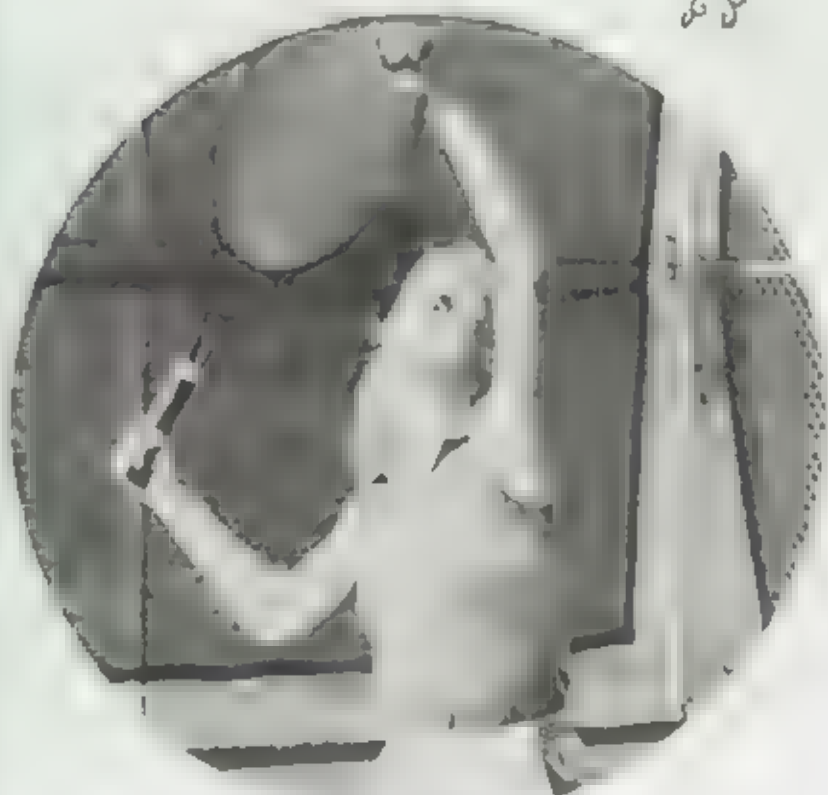

The Majorettes consisted of three girls, who practiced with the band and by themselves. They thought up several good ideas that included twirling batons lit with fire. Twirling to "It's just a fantasy", the Majorettes also performed a routine for the Big Game Rally

Seven girls made up the group known as the Flag Girls, who met fifth period, lunch, and after school. During these times, the girls practiced holding the flags, twirling them, and marching with them. When football season was over, the Flag Girls competed in competitions, with the band, and has won several awards

Next year both the Majorettes and the Flag Girls will continue the good ideas and routines, as they have this year, with the band

# JV Football Is Awesome

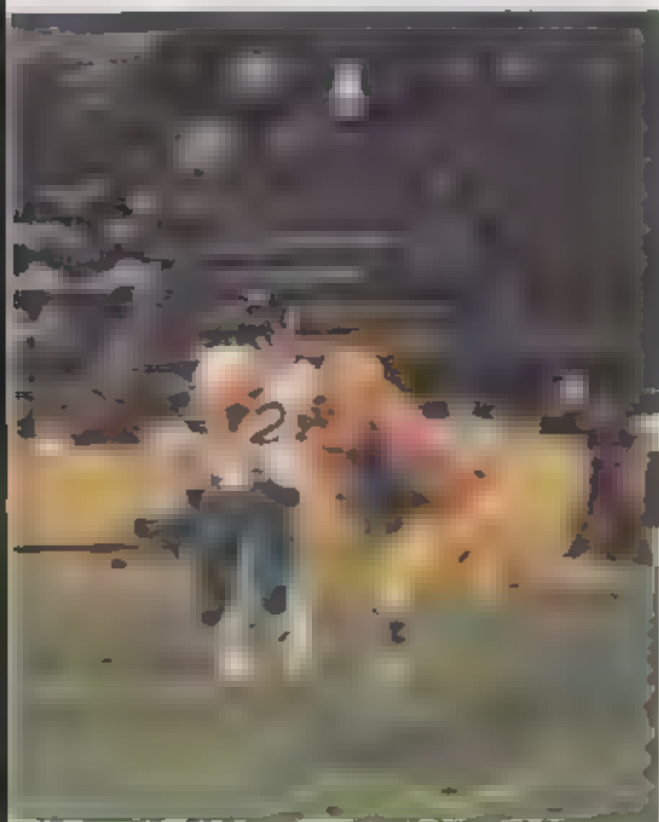

The J V. football team under the direction of coaches Larry Curtis, Bill Foresythe, and Dave Hubbard had an exceptionally good season, with a record of 4-2-2.

Coach Curtis said, "the team did well but could have done better. The team showed a lot of talent, but basically lacked consistency, and mental mistakes seemed to emerge."

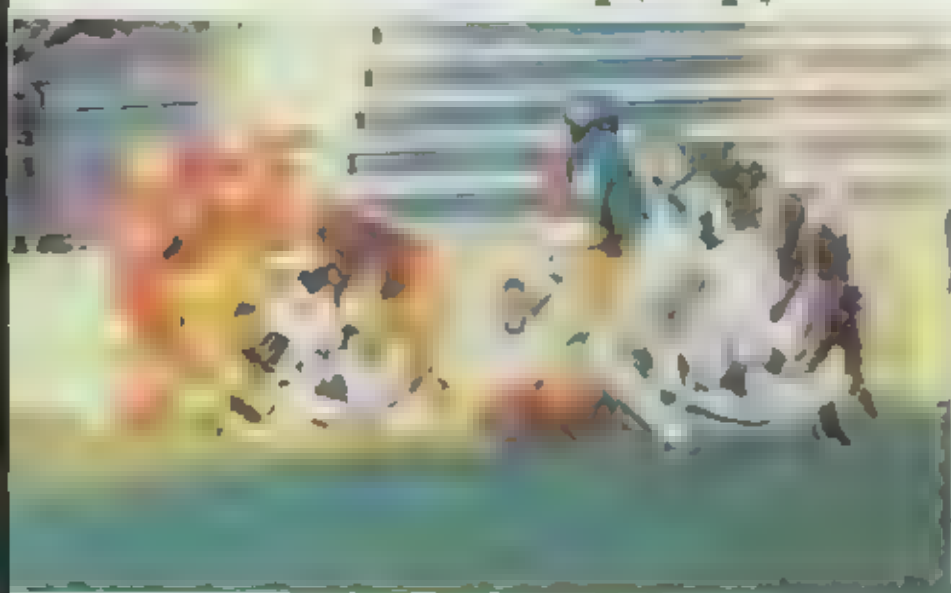

The big game against Napa was one of the closest games of the season and certainly the most exciting. The final score was Vintage 22, Napa 20.

# Crush 'Em Varsity Football

Once again Vintage became the team who was "impossible to beat." People who were used to an undefeated team thought that this year wasn't so good, but Coach Autry called it an outstanding year. All 44 people contributed to the season, including Roger Wilkinson's total offense of 1900 yards. "Making the playoffs made a season," said a coach, "even though they didn't get past the first game, it was fantastic to make it that far!" Coach Autry summed it up by saying, "Compared to other schools, we had an awesome year!"

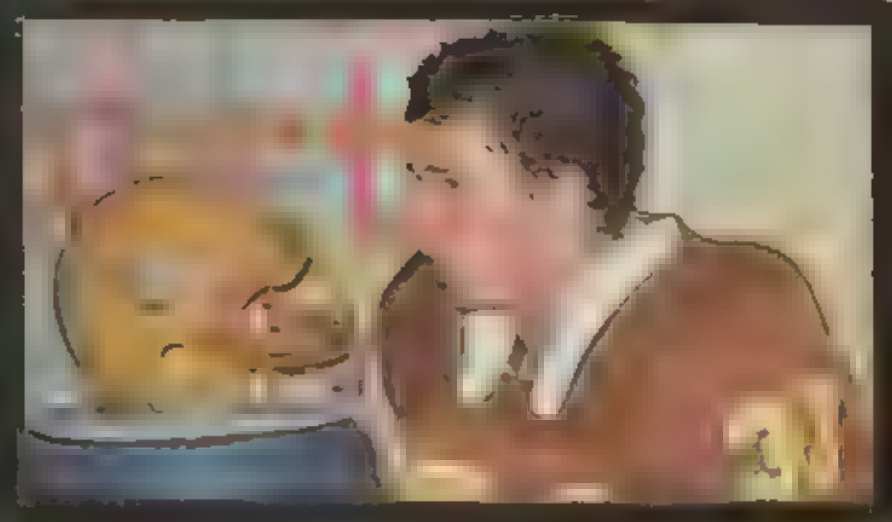

The first of the season was a game between the El Cerrito and the Balboa. The game was played on a very hot day and the El Cerrito team was victorious. The game was a close one and the Balboa team put up a good fight. The El Cerrito team was led by their captain, Mark Davidson, who was a very good player. The Balboa team was led by their captain, Junie West, who was also a very good player. The game was a very exciting one and the fans were very interested. The El Cerrito team was very happy with their victory and the Balboa team was very disappointed. The game was a very good one and the fans were very entertained. # Most Competitive Game!!

The '81 powderpuff team struggled to a 6 to 6 tie this season after one of the most competitive games in powderpuff history. Although there were the usual differences about officiating and playing, both teams competed hard and played well. The powderpuff games are sponsored by the Key clubs of Napa and Vintage. Riccardo Molinari, the Key club advisor, says the girls did a good job and handled the muddy field really well, which shows the long hours of practice were well worth it.

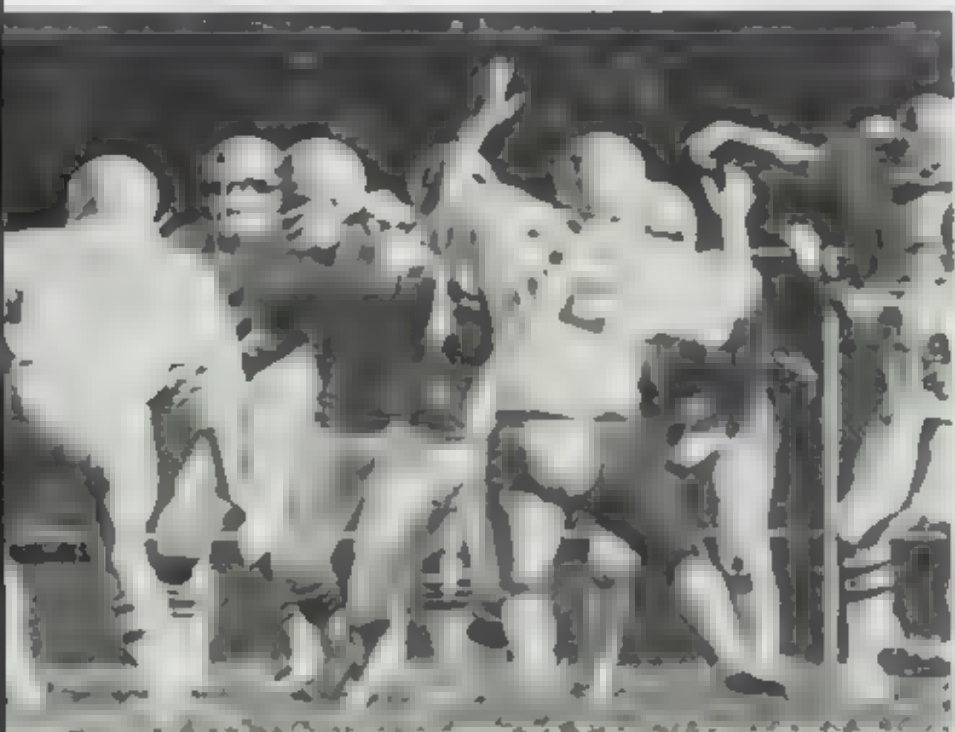

# Freshman Football

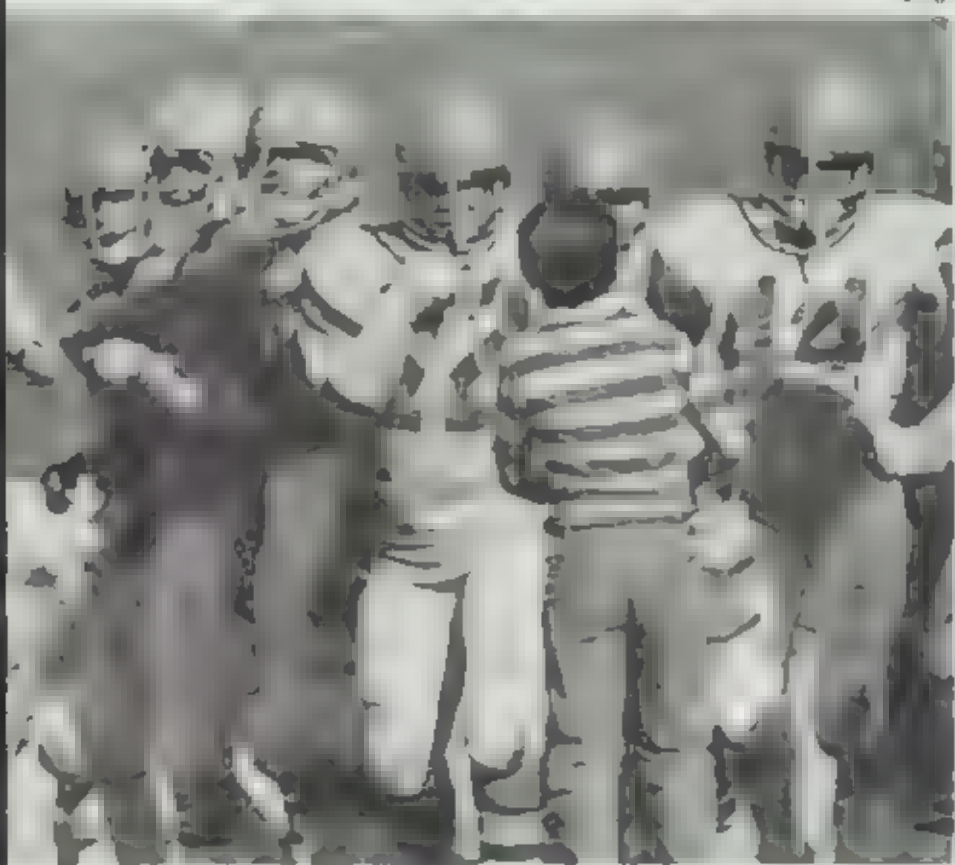

This year's freshman team was far stronger than their 2-5 record would seem. Even though one of the team's key players broke his leg the team was still very strong and showed a lot of potential. Coach Earl Wessel said, "For a team with 26 out of 39 players with no football experience we did great." He also looks forward to many victories for Vintage's next year's Junior Varsity team.

## J.V. Soccer

This years Junior Varsity Soccer team had a pretty good year. Although the members were young, they did very well. Mr. Jerry Nelson coached this year's Junior Varsity team, and is rumoured to coach next year's Varsity team when Mr. Olav Lejnicks quits coaching soccer. Mr Nelson also teaches at Silverado Jr High

Sometimes playing until 7 or 8 O'clock at night, these young men did their best to prove they have a case of Crusher Fever!

## V. Soccer- Best Foot Forward!

Despite a rather unsuccessful year, Vintage's Varsity Soccer team began the season with high hopes and a wish for a favorable season.

Three of the more outstanding players were Dave Parker (sweeper), Didier Wilem (an exchange student from Belgium who was a fullback), and Fernando Velasco (an exchange student from Columbia who was also a fullback.)

Although a sometimes very demanding coach, Coach Olav Lejnieks' unrelenting demeanor paid off with every Crusher Soccer victory.

# Junior Varsity Volleyball Fights Back!!!

The members of this years Junior Varsity Volleyball team were great! Coached by Ms. Sandra Swearingen (Duplicating), the team proved their worth in all of their games. Though not always winning, the girls behaved like true athletes and always came back fighting. Most of the girls had played on a jr. high team, and they used that knowledge to help them toward their victories. The players pulled together more than once to help a teammate spike or serve just right. With true team spirit like that, no wonder they're Crushers!

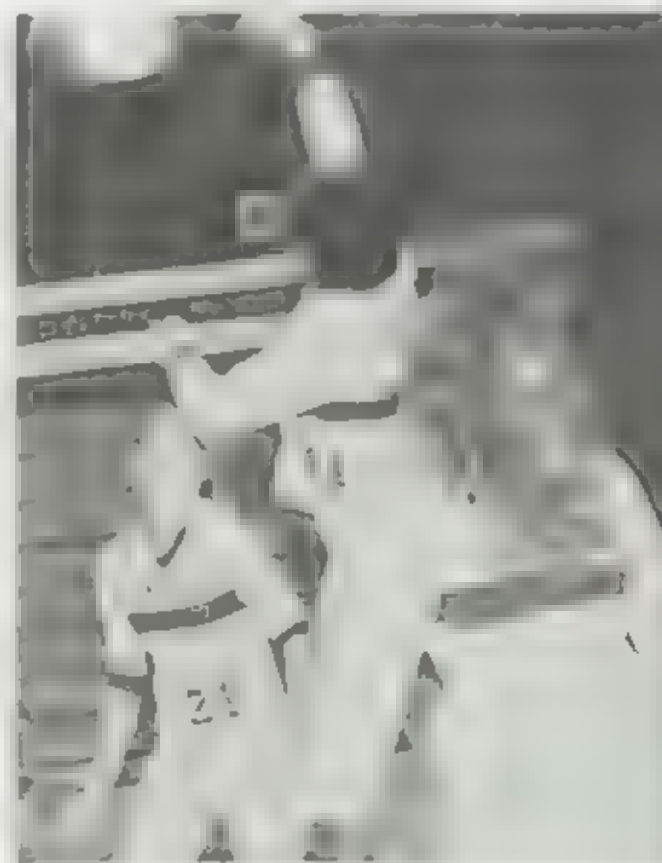

1. Elise Newman and Angela Begley block for all they're worth! 2. Marcie Brown bumps the ball for a set-up 3. Janelle Pace and Angela Begley block a spike 4. Marcie Brown serves the ball 5. # Varsity Volleyball Was A-#1!

Coach Norma Hill's Varsity Volleyball team was awesome! With a win-loss record of 28-5 overall and 11-1 league, it was no surprise that they won the M.E.L. team pennant for the second year in a row, and the Northern California Championship team pennant. After the Northern California Championships, Coach Hill took her team to the California Sectionals where they placed second overall. With a team like that, next years' players will have work extra hard to break even with this years' outstanding record!

# An Incredible Team!

The tennis team at Vintage High School is undoubtedly an incredible team. In the History of Vintage's TEN years, the tennis team has won exactly 109 matches, tied two and only lost 4

This years #1 single players were Captain Tracy Young and Melinda Parker. Making their way to the Sacramento Sections in Modesto, the #1 doubles in M.E.L. were Tracy Young, Melinda Parker and #2 in doubles were Melissa Fleming, Lori Hamilton

# Moving Cross Country

This years' Cross Country team practiced hard to enable themselves to take the painful steps of running up and down hills, in the rain, the mud, and the cold. But all the practice brought each team member closer to their goals, and the teams final standings. Cross Country is an individual sport, but the Vintage team members tried to make it a team sport where you run not only for yourself but also for the team.

# Vintage Pumping Iron

Weightlifting has become an increasingly popular sport around the world, and it's reflected at Vintage. Mr. Tedesco heads weightlifting and figure control classes, along with physical fitness for the handicapped. This year, a new weightroom was built behind the boys' locker room to accomodate the growing number of iron pumpers

## 81-82

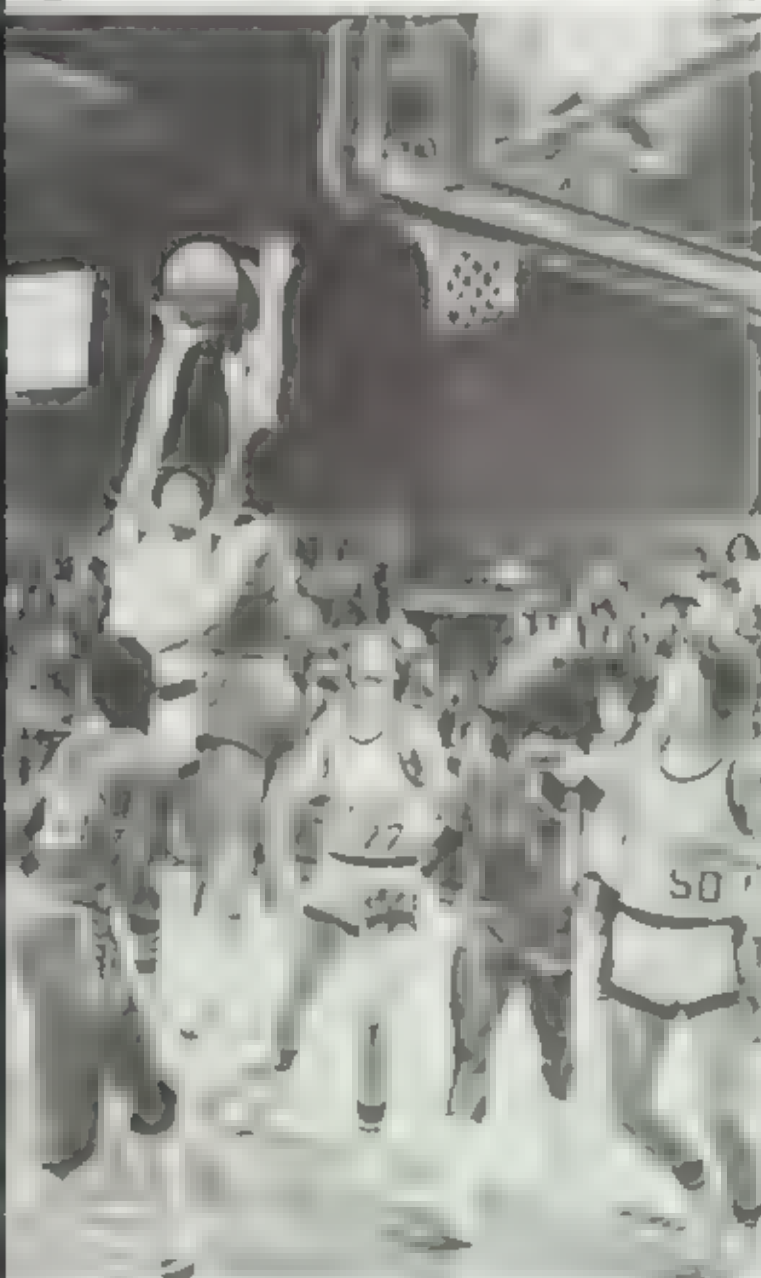

This years Varsity basketball team did very well. A brand new face was on the coaching staff this year, it is George Bullock. Coach Bullock came to Napa to play for the Napa Valley Bears. After the season he helps Mr. Pahre with the basketball team. Mr. Pahre says Coach Bullock is very helpful with individual skills and gets along very well with the kids. According to Mr. Pahre this years team is unlike other years because the team works together very well. He's very proud. And so are we. **GO CRUSHERS**

# J.V. Softball Batting .1000

This year the J V softball team had a great season. Most of the girls had been playing softball for a few years making them pretty experienced players, but still Sandy Swerringen, the coach, had a few pointers to give them. Everyday the girls went to Westwood Elementary School for their grueling practice. They practiced batting, catching, throwing, fielding, and base running. All this practice helped them to the great season they had

One of the most important functions in softball is the pitching. Fortunately this year we had two excellent pitchers; Senior Cindy Brothwell and Junior Shelly De Laca. Cindy and Shelly play third base also. But a pitcher isn't the only person on the team. There is defense and offense also. For Junior Melinda Parker's first year at catching, she did a terrific job this season. Senior Heidi Ringsmith also did a good job playing shortstop. This year the team had five returning starters and nine out of the thirteen players this year were seniors, so next year the team will be starting from scratch. Coach Norma Hill is pretty confident of the team this year. "We'll be right up there along with the rest of them," she says, "the team effort is great! The girls get along great and have fun and practice hard at the same time." The goal this year for the softball team is a repeat of last year, which means playing in the sections. Last year was the first time in many years that Vintage had made it to sections and hopefully they'll go again this year. "We'll have a good year, however it comes out," says Coach

The Boy's Track team was made up of some of the best athletes at Vintage High. When the boys ran in a race, they ran to win!! Whether it was running a mile race or throwing discus, the boys did an outstanding job. When the boys were unable to practice after school because of work or whatever, they practiced at lunchtime. They really put alot of long, hard hours of work in and it really paid off. Although the first few track meets were cancelled because of rain, it didn't dampen the boy's spirits and they finished off the season bright and sunny. Rain or shine, the boys track team was terrific!

Each girl specialized in an event whether it was running the 100 yard dash, or running the mile in under five minutes. A lot of records were broken for the girls this year. Kim Kesler practically broke her record every meet in the shotput, and Lori Stultz did an outstanding job all season! All of the girls were terrific! Under the direction of Coach Williams, the girls improved every day. The feeling of winning an event made all of the practices worth every second

Coach Miss Hisey said the girls are a "young team with a lot of potential." They had practices everyday after school for at least a month before the matches started. A lot of time and hard work went into this team.

# Always A Love Game

The 1982 Boy's Tennis team is coached by Pam Schultz. Coach Schultz is new to Vintage this year and took over coaching from Marge Hartman. The team is much smaller this year than last, but they are just as good. The returners to the team are Brian Adams, Eric Roberts, and Ciminador Manayan. All the others are new to the team. With all the challenges of a new coach and many new players, team is a great one!

# Champion Swingers

If you haven't ever seen the Vintage Golf team in action, then you're missing out on some outstanding sport! This year, as usual, the Golf team has won it's fifth consecutive M.E.L. pennant under the direction of Coach Dan Pinarretta. Coach Pinarretta said that this year's team has more potential than any other team he has coached. The prospects are outstanding and highly probable that they will win the state tournament. Vintage Golf team is quoted as being "one of the best golf teams in the United States." Some of the outstanding players include, Scott McCarron who is one of the best junior golfers in the country, Senior Carl Wagner who has been one of the top players since his sophomore year, Junior Bill Block, and Ninth grader Mark Calhoun. Since there were only two seniors on the team this year, eight players are returning next year, so the Vintage golf team continues to "swing" upward every year!

The hours of practice paid off in Vintage's first swimming pennant.

During our school years we always remember someone that was very special. Harry Kramer is a very likely candidate for this memory.

Harry is confined to a wheelchair, so he travels around the Vintage campus to each of his classes, with his aide, Kari Kress at his side. Why would Harry be voted special in your mind? Have you ever thought of yourself in a wheelchair? It would require a great deal of courage and positive thinking. This is what Harry is made of. He feels that positive thinking is very important, and this is exactly what Harry is thinking everyday. Always smiling and happy, Harry attends each of his classes. He takes a five period day which includes, math, gym, ceramics and english with reading.

Harry has many talents to share with others, and at the age of 17, he has used them many times. He has two trophies in bowling, two medals from the wheelchair races in Sacramento, and has two blue ribbons from the Napa County Fair for his handcrafted ceramic pieces. Harry's biggest accomplishments lie in the area of the annual March of Dimes Marathon that Napa has every year. Many people have walked in the marathon, but who has pushed themselves all the way up and back? After Harry finished the marathon, he went to his sponsors and collected \$350.00 one year, and the next year Harry collected the \$2000. he won a trip to Hawaii, and took his family. The next year he won a trip to Lake Tahoe.

Harry is very special, and talented in everything he does. He is a true Vintage Crusher!

Here at Vintage we are very lucky to have a sweet and special person by the name of Jeff Winchal. Jeff is a Junior here at Vintage and he takes a six period day, which includes computer science, spanish, p.e., history, typing, and english. Jeff's main interest is computer science. He hopes for a career in this field someday. Jeff is in a wheelchair, but that doesn't stop him from having interests like fishing and boating. He enjoys school and all his teachers at Vintage, which goes to show that Jeff is a happy guy. He knows that a positive attitude is an important quality, so he carries it with him all the time.

Jeff has had his Junior High school yearbook dedicated to him and he has also participated in the 4-H club. Jeff is a great person and a wonderful example of the Vintage Crusher.

Jeff Hopson is a junior at Vintage. He travels around the Vintage campus in a wheelchair with his aide Virginia Cook at his side. She is his interpreter for sign language. This was Jeff's first year at Vintage and he really likes it. He takes a five period day, which includes, math, english, history, science, and a leadership class which is his favorite.

Jeff went to all Vintage's football games to root our great football team on to victory. Though Jeff is in a wheelchair, he hopes to be walking again very soon. He exercises every day working up to the day when he will walk again. Sometimes Jeff gets impatient and grouchy but in the long run he knows that keeping a positive attitude is very important in advancing to his goal. Jeff is a true Vintage Crusher and is a great example of how we should all be... a positive thinker and a true supporter our school!

“It’s Been A Vintage  
Year For The Vintage Staff!”

## Doing A Vintage Service

Every year the Custodians and the Cafeteria Staff do us a Vintage service by keeping the campus clean and to feed the hungry students

Vintage was kept clean and to feed the hungry students

Vintage was kept clean by a dedicated band of people. Keeping the campus clean wasn't their only job though. The Custodians also repaired doors, light fixtures, lockers, and about everything else that needed repair.

Keeping us well feed was the Cafeteria Staff. Not only was the Cafeteria a great place to eat, it was a great place to sit and talk. This is possible because Vintage is the only school in the Napa School District that was open all day long.

1 Mary Albrecht (Assistant Manager) and Valerie Pearson (Manager) begin to prepare lunch for hungry students. 2. Always Collecting money with a smile is Mildred Davis 3. After a day of cooking combos, Anne Canada cleans the oven 4 Pearl Stone, "Was that a hamburger combo you wanted?" 5. Custodians Charles Webb, Tom Gorman, Rafael Botello, and George Marino 6. George Marino rides around in his golf cart to make sure Vintage stays clean

# Sophomore Class Officers

Because Sophomores are new to the school, the officers aren't quite sure just what to do at first to let the other Sophomores know about the school happenings, but this years sophomore officers really hung in there! The Sophomores are in charge of picking their theme for Harvest Week, building a float for the parade, and the biggest task, putting on the Senior Gathering at the end of the year for all of the Seniors. They did a fine job for their first year and really tried to get their classmates involved. First semesters officers were: Chuck Whittington- President, Brad Forsythe- Vice President, Lee Halliday- Secretary Treasurer, and Kim Dalton- Director of Activities. The Second semester officers stayed the same. Guess they survived first semester!

# Junior Class Officers

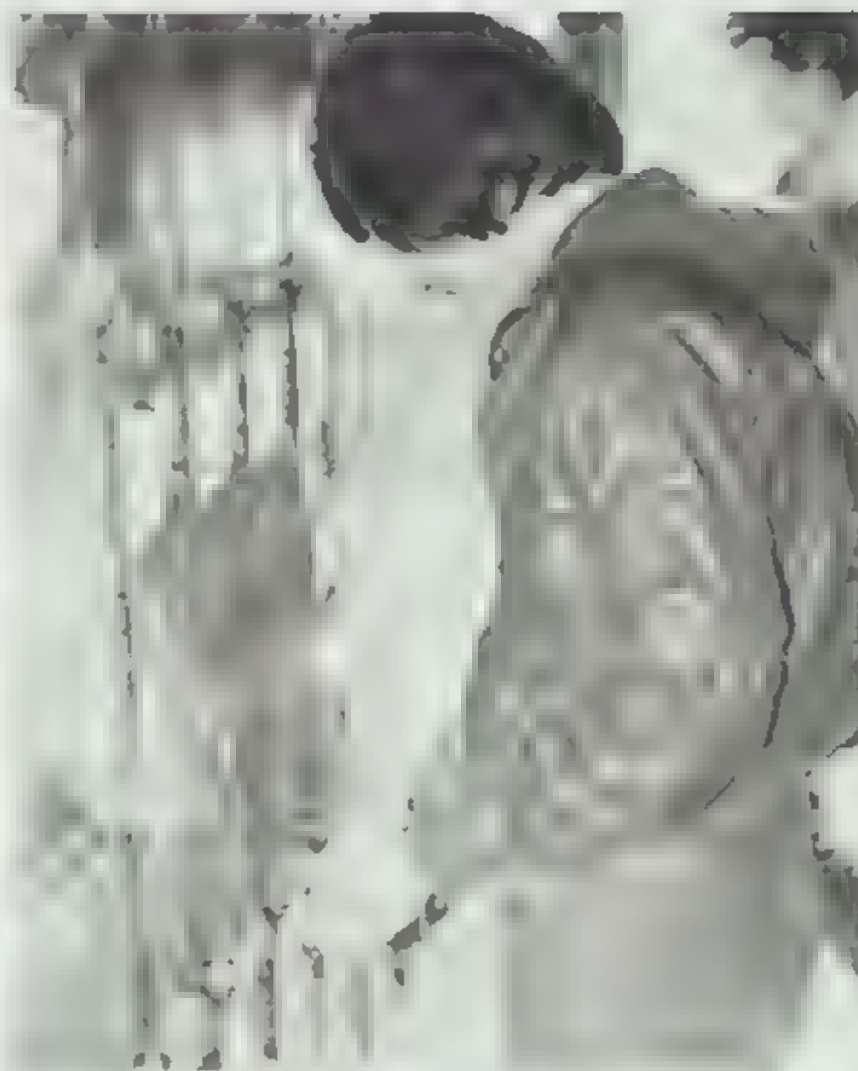

The Junior Class Officers were elected by their fellow classmates and each served one semester terms. The Junior class officers were in charge of calling meetings to get together all interested juniors in organizing such things as Spirit Day, electing a homecoming candidate and putting on the prom for the whole school. The Juniors had a really spirited class this year. Most of the officers were girls and both semesters did a really good job. First semester officers include: Paula Vidaurreta-President, Yvonne Scott-Vice President, Susie Marlow-Director of Activities, and Jean Cavagnaro-Secretary Treasurer. Second semester class officers include Paula Vidaurreta-President, Scott McCarron-Vice President, Melinda Parker-Secretary Treasurer and Elaine Manansala-Director of Activities. Nice Job Juniors!

# Senior Class Officers

Class officers have a lot to do in their last year of high school. From picking out the class t-shirts, to putting together the Spirit Week 'platoon', organizing the Turnabout, the seniors had a lot of meetings in the beginning of the school year. Most of the time the girls were the only interested persons at the meetings, but this year the boys got involved. There were two boys for officers last semester, which was unusual. They did a very good job this year and the organized events that they helped out in were successful. The first semester officers were: Joe Stornetta-President, Kevin O'Donnell-Vice President, Kim Wiedraayer-Director of Act., and Myra Schulze-Secretary/Treasury. The second semester officers were: Kevin O'Donnell-President, Kim Wiedraayer-Vice President, Lisa Bucher-Director of Act., and Jeanne Ralph-Secretary/Treasury. Good job Seniors!

The year of '81-'82 has been full of many, many new fads. Many of the boys became Skoal Brothers. Girls flocked to the stores to buy the newest clothes like knickers, leg-warmers, designer sweats, and mini-skirts. Yes, mini-skirts. This spring sailor seemed to be the big thing. Preppy was in with both sexes: loafers were the shoes and alligator was the animal to praise. Metallic belts and bright colored headbands were the clothes for the people with the spiked haircuts who went punk. October 17th was the day the Rolling Stones hit town. We discovered the Kinks and the TAZ was the band to see. Van's the shoe with the checkered bottoms and Vaurnet glasses went together like Lone Star and cowboys. Little 4-wheel drives were the trucks to have. Cowboy hats, cowboy boots and the music of Waylon and Willie touched the tastes and ears of everyone. The fads of this year were great and as varied as always! But, hey, we're the Class of '82 and we're One of a Kind!

# Disneyland Grad 82 Nite

On May 21, 1982, the Seniors got on a plane and went to Disneyland for "Grad Nite '82". This trip was put together by Angie Ruff. Angie put alot of hard work into this trip since September. The cost was \$180. They got on a bus at 5:00 at Vintage and went to Oakland International Airport and got on a plane for Los Angeles. When they arrived at LA, they got on a bus and from there went to the Magic Kingdom for a night of fun and excitement.

We went in the gate of Disneyland at 11:00 pm and were there until 5:00 in the morning. Pictures were taken of each of us with our favorite character and sent to our homes three weeks later. Everything was decorated for the Class of '82. Everyone who went had a super time. As Disneyland said, "It was a NITE TO REMEMBER."

# Sean M. O'Haire 9-23-1964 to 10-19-1981

As each of us goes through life we lose friends along the way. We may lose them through misunderstandings or from their moving away, and each time we lose that friendship it hurts us. But never is the hurt as bad as when we lose a friend through their death. A friend's death always seems to be too soon. Such as the death of Sean O'Haire.

Sean was a friend to many and enemy to few. His death has deeply touched our school. Sean was an accomplished golfer and a good student. Sean's seventeen years with us were spent helping others and his schools. As a member of the Vintage golf team he helped them to two M.E.L. titles and one state championship. Unfortunately, Sean's life with us was cut short when on October, Nineteenth, Nineteen-Eighty-one the car he drove collided head on with another. So we have lost a friend, and that friendship can never be replaced. But Sean's memory will live on in each of our hearts.

## The Great Flood

Students returning to Vintage after Christmas vacation were in high spirits despite the rain that just never seemed to stop. On Monday morning, students coming from south county and other outlying areas already knew something was wrong when the traffic

flow was five miles per hour in some places and the highway was underwater.

Crusher Creek, which carried the school's drainage water, had overflowed, which plugged up all the school's pipes.

As a result, most of the school was impossible to walk through, and sandbags could be seen everywhere.

At the end of the day, those who weren't wearing waterproof boots or hadn't gone home earlier came home with wet feet.

# Graduation 1981!

5,000 spectators in the stands watching 500 plus seniors on pins and needles. Faculty members and administrators wearing caps and gowns-all preparing for the ultimate moment for all High school students-Graduation Night!

The Ultimate Moment for all High school students is Graduation. These students have been preparing for this day-this "moment"-for twelve long-but rewarding-years!

Mr. Silva calls attention to the class officers, the Valedictorian gives a short address to the assembled people, as does the Salutatorian. The Class President gives the Class Scrap Book and the Class Gift to the school, then Mr. Silva gives his official, "By the powers invested in me by the State of California. I swear that these students have met Graduation requirements." And the Superintendent, Dr. Robert Hansen, and the Board of Education members present begin to distribute the folders for Diplomas as the faculty member for each row of students calls out the name

It really is an impressive drama. The speed with which it all takes place is remarkable; it's all over in just over an hour, but what an hour! Lives will be changed now that graduation has arrived.

Some of the new Graduates will go to full time employment, the World of Work; some will get married; some will go to University or College, some will travel to foreign lands or new places, some will probably join the military. But in what ever way they go, this group will never meet as one body again. Now it's out into the bigger World of Reality.

Look out World, here we come!

## My Grape Experience

As another Vintage Year comes to a close, there are some very special thanks I'd like to give to some very special people:

**Mr. Tawzer** for his understanding, advice, and belief in me. And for his great listening ear of ALL my problems.

The people on the staff for their time and themselves. Especially **Todd Juchau**, my assistant editor; **Ottilee Bastgen**, for her assistance with the class mugs; **Lyn White**, for doing all the class spreads; **Troy Fortner**, for his art; and all the photogra-

phers, for their great photos.

**Terrie Joy** and **Pam Ramsey** for being the best friends anyone could have, and for putting up with me! And my other friends (you know who you are!), for their interest in me as a person.

**My Mom and Ron** for their support and love in everything I did.

The teachers throughout my three years at Vintage for their understanding and patience. Especially **Mr. Domezio**.

**Mr. Vidurretta** and **Mrs. Storretta** for their help as the Activi-

ties Office team.

**Al Motoyama** for his great photos; and **Karen Grove**, our new representative from Jostens.

And for the rest of you: **THANKS!**

This year has definitely been a grape experience for me. This being the 10th anniversary annual of Vintage made me, and my staff, try our best to make this book fantastic for all of you. **ENJOY!**

Hey babe: I'm really glad we  
got to have options together  
this year (even though every  
period for you is a option) I hope  
you graduated baby I would like  
to be able to party with you  
like at the 9th grade party yay!

Remember maybe we can find  
a ball and hit your head a  
couple of times. Now you be  
careful now you and Mike are  
living together. Just be careful  
in the family addition department

a loner anymore. I got Kevin! I'm really  
super duper glad you and Mike

works out for you guys. I know it  
will. Mike is such a neat guy. He is  
really special to me as a friend. (Hope

All the other guys you have gone out  
with were OK. ~~but~~ and I didn't hit it  
off with them to much (except Seth.) But  
Mike is really great!
